HP ENVY 14 Beats Edition lets you hear all the music.

Through a unique collaboration with music industry innovators like Dr. Dre and Interscope Records' Jimmy Iovine, the HP ENVY 14 Beats™ Edition notebook PC lets you unlock the sounds of the recording studio for an awesome listening experience—not to mention incredible viewing, plenty of power to create, and the stylish good looks of a superstar.

Windows®. Life without Walls™.  
HP recommends Windows 7.

## Hear what you've been missing.

Whether you're into rap, rock, dance, or pop, the HP ENVY14 Beats™ Edition lets you experience music the way your favorite artists intended it. Hear the difference with superb playback that minimizes background noise and separates the crisp highs, distinct lows, and subtle in-betweens. Turn up the volume without muddying the sound, thanks to Beats Audio software that maintains fidelity as the energy goes up. Access the Beats Audio Console to customize your mix with a powerful, easy-to-use equalizer. Bump up the bass with a single keystroke (Fn + B). And immerse yourself in the sound with Beats™ by Dr. Dre Solo™ Headphones.

## Show-stopping design.

You might think a notebook PC that's just 1.1" thin and 5.69 pounds<sup>(12)</sup> could get lost in the crowd. But with a brushed aluminum top cover and black soft-touch surfaces threaded throughout the body, plus a spectacular keyboard backlit in red, the HP ENVY14 Beats™ Edition takes center stage. Its 14.5" diagonal High-Definition<sup>(8)</sup> HP BrightView Infinity LED Display delivers color, contrast, and clarity that bring videos, movies, and games to life. Custom Beats™ wallpapers complete the ultra-cool look.

## Power for any gig.

Whether you're playing or working, you'll have all the power you need with the latest Intel® Core™ i5 processors and superb ATI Mobility Radeon™ graphics. The HP ENVY 14 Beats Edition lets you not only see and hear like the pros, but create like one, too. Adobe® Photoshop® Elements 8 & Adobe® Premier® Elements 8 software come standard for photo and video editing. And if you ever need help, you can enjoy the VIP treatment of a private ENVY support line.

- Work faster on multiple applications at the same time with the Intel® Core™ i5<sup>(3)</sup> processor with 4-way Multi-Task Processing that allows each core to work on two tasks simultaneously. When your PC needs extra performance, the new Intel® Turbo Boost Technology<sup>(3b)</sup> automatically speeds up your processor.
- Enjoy mind-blowing performance with ATI Mobility Radeon 5650 graphics and 1GB DDR3 dedicated video memory.
- Get up to 6 hours and 30 minutes of life with the 8-cell 59Whr Li-Ion battery.<sup>(28)</sup>

## A better experience.

The HP ENVY 14 goes the extra mile with features like an enhanced Windows® 7<sup>(1)</sup> experience that eliminates pop-ups due to trialware. Express your creativity with the included full-version Adobe® photo and video editing software. Should you need help, a special support phone number is available to reach dedicated agents who can help you troubleshoot problems and provide next-day shipping if needed. From its distinctive packaging to all its finely crafted details, the HP ENVY 14 delivers the experience you deserve.
